All but Alpha 12/16

Varsity Practice 11

AMERICAN LITERATURE

Team A:

Identify the 1776 essay by Thomas Paine that called for complete separation from England and whose publication helped lead directly to the Declaration of Independence.

Ans: Common Sense (Must be complete)

Team B:

Identify the 1776 essay by Thomas Paine which was written to inspire Washington's troops and which begins with the famous line, "These are the times that try men's souls."

Ans: (The) Crisis (Also accept (The) American Crisis and/or Crisis #1)

Toss Up:

Identify Paine's last important work, part of it written while he was in prison in France, whose four-word title is a synonym for The Enlightenment.

Ans: (The) Age of Reason

MATH: 30 SECONDS: For all questions in this category, assume that a box contains 2 white balls, 6 red balls, and 8 green balls. Express your answer in lowest terms.

Team B:

If a ball is drawn at random, what is the probability that it is green?

Ans: 1/2 OR 1 in 2

Team A:

If the previous ball is returned to the box, what is the probability that the next ball drawn at random will be red?

Ans: 3/8 OR 3 in 8

Toss Up:

Assume that the two previously drawn balls are not replaced. What is the probability that the next ball drawn will be green?

Ans: 1/2 or 1 in 2

<u>WORLD HISTORY</u>: During the Middle Ages, monasteries maintained centers of learning, provided food and shelter for the poor, and served as classical centers that preserved many pieces of literature. Name the following religious orders that were important in this time period.

Team A:

In the sixth century, this order was established by the monk who is considered the founder of monasticism. His "rule," which included vows of poverty, chastity, and obedience, became the standard for other orders to follow. His sister, Scholastica, founded a corresponding order for women. Name this order.

Ans: Benedictine(s)

Team B:

This order was established in the thirteenth century in Assisi in Italy. Its members are often called "friars." The corresponding order of nuns is called the "Poor Clares." Name this order.

Ans: Franciscan(s)

Toss Up:

This order, which was founded in France in the early thirteenth century, saw itself as a reform of the Benedictine rule. Instead of building monasteries, its members became traveling preachers who relied on alms for support. Although their reputation was tarnished by their role in the Inquisition, this group of nuns, priests, and monks has provided four popes and several doctors of the Church including Thomas Aquinas and Catherine of Sienna. Name this "Order of Preachers."

Ans: Dominican(s)

FINE ARTS: Identify the following, somewhat lesser-known, composers of the Baroque era.

Team B:

What German, who wrote both religious and secular music, is today known primarily for one piece, his Canon in D Major?

Ans: (Johann) Pachelbel

Team A:

As the organist of Westminster Abbey and the holder of several royal appointments, what Englishman is today most famous for his operas *Dido and Aeneas* and *The Tempest*?

Ans: (Henry) Purcell

Toss Up:

Though not as famous as the Bach family, this father-son pair of Italian composers were prolific. Father Alessandro, whose patrons included the Medici, composed over 100 operas, 500 chamber pieces, and fourteen oratorios, while son Domenico [doe MEN i coe] was most famous for compositions for the harpsichord. What is their family name?

Ans: Scarlatti

LIFE SCIENCE:

Team A: What term applies to plants such as mosses that do not have a vascular system and

do not produce flowers or seeds?

Ans: bryophyte(s)

Team B: What term applies to plants which have vascular tissue but produce spores rather than

seeds?

Ans: fern(s) (also accept pteridophyte)

Toss Up: What term applies to angiosperms such as beans and daisies which produce seeds

that contain two cotyledons?

Ans: dicot(s) OR dicotyledons

NOTE TO READER: ASK FOR A SCORE CHECK

ENGLISH/WORLD LITERATURE

Team B: This 20th century Frenchwoman is known for her long-term relationship with Jean-

Paul Sartre. Although she is also a novelist, what woman is best known in the U. S. for

her feminist essay, The Second Sex?

Ans: (Simone de) Beauvoir [pronounced de bav WAH, but be kind]

Team A: This 19th century Frenchwoman is known for her relationship with Fredric Chopin. Also

a feminist, she often wore men's clothes. By what pen name is the woman born

Amandine Lucie Aurore Dupin, the author of Indiana, known?

Ans: (George) Sand

Toss Up: This Frenchwoman of both the 19th and 20th centuries often used only her maiden

name as a one-word *nom de plume*. Her work *Paris de ma Fenetre* is her description of the Nazi occupation of Paris, but what woman is better known for her novel, *Gigi*?

Ans: (Sidonie Gabrielle) Collette (Wiley)

<u>AMERICAN GOVERNMENT</u>: Generally, media news sources claim to be fair and balanced, but studies of editorial trends show that many do have a political bias. For these questions, you will be given the names or acronyms of two media news sources. You are to indicate whether they generally favor liberal or conservative candidates and issues. Thus, all questions require a <u>TWO-PART</u> <u>ANSWER</u> and you will not be ruled correct or incorrect on a partial answer.

Team A: CNN and The Washington Post

Ans: Both are liberal

Team B: Fox News and The Wall Street Journal

Ans: Both are conservative

Toss Up: The Washington Times and The Nation

Ans: Washington Times is conservative; The Nation is liberal (Either order but must be matched correctly)

PHYSICAL SCIENCE

Team B: Your physics problem asks you to measure the mass of a toothpick using the CGS

system. In what units will your answer be expressed?

Ans: gram(s)

Team A: The next homework problem asks you to measure the force exerted by a tire as it

moves along a road. In what MKS unit(s) will your answer be expressed?

Ans: Newton(s)

Toss Up: Finally, you are asked to calculate the amount of energy released by a firecracker

when it explodes. In what CGS unit will your answer be expressed?

Ans: erg(s)

WORLD GEOGRAPHY: These questions will deal with the Middle American Land Bridge excluding Mexico.

Team A: What is the most populous country in Middle America?

Ans: Guatemala

Team B: What country in Middle America is the only one that does not have Spanish as its

official language?

Ans: Belize

Toss Up; What country in Middle America has the highest per capital income, no standing

military, and is one of the "greenest" countries in the world?

Ans: Costa Rica

AMERICAN HISTORY

Team B: After World War II, American foreign policy was molded around the "Truman Doctrine"

that was aimed at combating Communism. One important part of the Doctrine was

what plan designed to rebuild Europe?

Ans: (The) Marshall (Plan) Also accept European Recovery Plan (or Program)

Team A: Another element of the Truman Doctrine was the formation of what mutual defense

pact with European countries and Canada that was designed to respond to any

renewed military build-up?

Ans: NATO Also accept North Atlantic Treaty Organization

Toss Up: THIS QUESTION WILL REQUIRE A TWO-PART ANSWER: Truman first began

unfolding his doctrine to Congress in 1947 when he asked Congress for \$400 million for what two Balkan nations, political rivals to this day, both of which were involved in civil wars to prevent Communist government take-overs, and both of which later joined

NATO?

Ans: Greece and Turkey (Either order but must be complete without prompting)

ALPHABET ROUND "N"

- 1. Famous Tchaikovsky ballet usually performed around Christmas
- 2. <u>TWO-WORD ANSWER</u>: Usual translation of Jean-Paul Sartre 1944 drama *Huis Clos* in which three characters come to the famous conclusion that "Hell is other people."
- 3. <u>ACRONYM OR MULTI-WORD ANSWER</u>: One of the largest legal monopolies in U. S.; regulates and sets eligibility standards for college sports
- 4. <u>TWO-WORD ANSWER</u>: common term for eye condition nyctalopia which makes vision difficult in darkness
- 5. Explosive chemical compound with formula C₃H₅N₃O₃; used in both explosives and as heart medicine
- 6. Japanese bacteriologist at the Rockefeller Institute in NY; most famous for identifying the cause of syphilis and developing test for it
- 7. Legendary 4th century saint whose feast day, December 6, is celebrated as a day of simple gift-giving in countries like Netherlands, Germany, and Poland
